## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

LOOK, MOTHER! IF TONGUE IS COATED GIVE "CALIFORNIA SYRUP OF FIGS."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic--remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

### INVITED TO COME.

Dressmaking Concern Asked to Look Over Place for Their Business Here.

Willimantic, Nov. 2.—The regular meeting of the Board of Trade was held in their Main street rooms Tuesday evening with a good attendance.

The most important report heard was that of the membership committee, which in conjunction with the special committee recently appointed laid in the names of 11 applicants for membership, with others to follow soon. New blood and renewed enthusiasm in this organization bid fair to make 1915-16 a record year.

Rev. William S. Beard for the entertainment committee presented their plans for the coming year as follows: Nov. 3--A military evening with the request of Company L, when it is probable that General Coles and Colonel Goodman of Hartford, and other officers of the local company, will tell of the plans for increasing the efficiency of the Connecticut National Guard.

Nov. 30--A discussion of the charities question, whether the United Charities association is doing what was expected and whether it should be continued. Both of these will be open meetings.

Dec. 7--A supper and meeting for the new members and an entertainment by local members which will be in the nature of a grand get-together meeting in the interests of the organization.

After the first of the year there will be several meetings given over to the discussion of civic questions.

In addition the rooms will be offered to the use of the women's association in raising an amount of money to build Windham hall at the Connecticut college.

A letter was read by the secretary urging participation in the "National Commerce" campaign. It was voted to apply for membership.

Corresponding Secretary W. C. Norris reported hearing from a Boston dressmaking concern which wanted 6,000 feet of floor space and plenty of electric power, and said the space had been found and the concern notified to come on to investigate.

There was some discussion in regard to inadequate telephone service, and a vote was passed which was stating the appreciation of the members for the kindness of the company in covering a large territory with the local exchange, requested more prompt and accurate service at the switchboard.

Mr. Norris stated that First Selectman E. P. Chesbro was showing a commendable desire to listen to the advice of the business men in the city and that there were several questions, such as the disposition of the old town property on Church street and the two buildings on the high school property, on which the opinion of the association might be of value. It is probable that a short discussion of these matters will be held at the meeting of Dec. 7th.

The meeting lasted about an hour, adjourning at 9:20.

### NORWICH TOWN

Thurston Family Moving Back from Halville--Change at Station.

Miss Sarah Markham of East Hadam came to town Saturday to visit her sister, Mrs. George Peck of Plain Hill.

Moving from Halville.

Mr. and Mrs. James P. Thurston and daughter, Miss Ida Thurston, who have lived for the last 15 years in Halville, are moving this month to their former home on Town street.

Station Platform Removed.

The old platform at the Norwich Town railroad station has been taken down and replaced by a cinder foundation.

Harry Wright of Boston was up town over Sunday.

Judge D. A. Markham of Hartford spent the week end with relatives on Plain Hill.

H. M. Dawley of West Town street has returned after spending a few days in Boston.

W. G. Hitchcock of West Town street was in New York on business several days last week.

David S. Bigelow from Colchester spent a day or two this week with Daniel M. Peck of Plain Hill.

Mrs. Philip Rosenberg of Wauwecus Hill, who has been visiting friends in New York for two weeks, has returned.

Miss Edna Smith of Fitchville was the week end guest of Miss Bernice Underwood at her home on Peck's Corner.

No Cause for Alarm.

White dresses are harmful to children's eyes, says a Philadelphia physician. Mothers will not be unduly alarmed, knowing just how long white dresses on children stay white. Cleveland Plain Dealer.

And Getting Higher.

Now Italy wants a loan of \$25,000,000. The high cost of living in Europe is becoming frightful. —Houston Post.

New Britain.—Plans have been perfected by the committee of one hundred for the Congregation week celebration at the Swedish Lutheran church, Wednesday, Thursday, Friday and Saturday, Nov. 11, 12 and 13.

## INSTALLING H. AND A. MACHINERY

Making Good Progress in Fitting Shop for New Army Work  
—Much Machinery Placed in Main Shop on Franklin Street—Finishing Up the Sporting Goods Lines to Make Way for Beginning on Army Rifle Contract.

Good progress is being made at the present time in the installation of the new machinery in the main plant of the Hopkins & Allen Arms company and dismantling the old to make room for new machinery and the rearrangement of the shop to adapt it to the work of the manufacture of Mauser rifles under the contract with the Belgian government.

The manufacture of the line of sporting goods has been continued as long as possible but has not been allowed to retard the preparation of the factory for its new line. Nothing but assembling is now being done in the sporting line, which is rapidly being cleared up.

While there has been some temporary cutdown of the force, it has been inconsiderable, as the company has aimed to find ways to keep the men busy who were engaged in the manufacture of sporting goods.

In consequence of the dismantling and removal of the old machinery,

which is being taken out and stored at the old carshop property on North Main street, the company has found opportunity to repaint the interior of the main building throughout, giving it a coat of white gloss paint. The fourth floor was painted first, where the polishing department is to be in the new arrangement of the plant.

As fast as the new machinery, which is now coming in good quantities, arrives, it is received in the Franklin street building and kept there until it can be regularly placed. No machinery has been placed in the Gordon building permanently beyond the milling machines, which were put there on the basement floor a number of months ago. The machinery for the wood-working department, which is to be in the former Nickel company building, has not yet begun to arrive.

During the past week there has been some work going on for a few hours early in the night on the fourth and third floors, but the work at night has been inconsiderable.

### Y. M. C. A. AUXILIARY

HELD OPENING MEETING  
At Home of Mrs. E. D. Fuller—Heard Addresses and Plans for Year.

The first meeting of the Woman's auxiliary of the Y. M. C. A. for this season was held on Tuesday at the home of Mrs. Edward D. Fuller of No. 363 Broadway, where there was a good attendance, which included a number of members of the auxiliary, as this is the plan which has been adopted for the evening meetings of the auxiliary this year.

The meeting was conducted by the president, Mrs. H. M. Pollock, and some of the plans for the year were outlined. General Secretary Edwin Hill of the local association was present with Arthur Rush of the Y. M. C. A. International committee and General Secretary Green of the New London association.

Mr. Rush spoke briefly but vividly and impressively of the association work in China and of the opportunities that the future holds there for a great work that the new association for Christianity if the association has the support to arise to its opportunity.

One of the particularly interesting announcements made was of the plan that has been perfected by which the auxiliary is to give the opening entertainment at the new amusement hall and theatre at the Norwich estate hospital.

This, it was reported, was to be an amateur vaudeville entertainment that will run for two nights and for which amateur talent that is the best in Norwich, and is close to professional ability, has been enlisted and promised. The theatre has seating accommodations for 700 and an arrangement is to be made by which the admission tickets are to include trolley transportation to and from Franklin square. The theatre at the state hospital has a stage as large as that at the Davis theatre and is equipped with fine dressing rooms, while the auditorium is one large room without any posts in the way to interfere with an unobstructed view. Adjoining the auditorium are corridors and large rooms which are to be converted into a palm garden and a promenade that is expected to be quite a feature, as this will be open an hour before the performance. Another of the arrangements is for a banquet with flower and candy booths and an exhibition of the work of the patients of the hospital.

Arrested in Lumber Camp

Patrick J. Harrington of Marlboro Accused of Killing J. Peerce.

Bumford, Maine, Nov. 2.—Patrick J. Harrington, formerly of Marlboro, Mass., was arrested in a lumber camp in the north woods today, charged with the alleged murder of J. Peerce on November 7, 1914. He pleaded not guilty when arraigned in court here.

Peerce had been working as a laborer in Aroostook county, harvesting potatoes and was on his way here in a team when he was shot. His body was found near the roadside last Summer.

According to the court officials Harrington admitted he was with Peerce when he was shot, but claimed that the shooting was accidental. The hearing was continued.

### ST. MARGARET'S GUILD

GAVE HALLOWEEN SOCIAL  
Furnished Delightful Evening For Trinity Episcopal Sunday School.

A social with a Halloween program was given by the St. Margaret's guild on Tuesday evening for the Sunday school of Trinity Episcopal church and about 60 of the members of the guild were delighted with the evening that was provided for them.

The social was held in the Sunday school room, which had been appropriately decorated with corn stalks, pumpkin moonshines and festoons of red and black paper which gave the proper atmosphere for the festivities. All the children received two souvenirs in the form of Halloween caps and pins.

The entertainment was arranged in two divisions, one for the younger and one for the older children, with Halloween games for the smaller ones and indoor athletic meets that provided lots of fun for the older ones. Prizes were awarded and among the fortunate ones to receive them were Richard Pease, Viola Waltz, Donald Gilbert, Ethel Curran and Edna Hand.

Ice cream and cake were the refreshments served.

OLD SOLDIERS' COMPLAINT.

Governor of Opinion That Food Is Not Well Served at Noroton—Doesn't Like Dormitory Plan.

Some time ago complaint was made to Governor Holcomb alleging unsatisfactory conditions at the Soldiers' home. The governor has received from the officials of the home a menu for each meal during the week. The governor does not think there is ground for reasonable complaint concerning the character of the food furnished at the home. As the governor understands the situation the complaint is not so much against the food as the way it is served. Care has not been taken to make it appetizing.

In the complaint to the governor it was stated that the hash furnished for breakfast was fried in cotton seed oil and some of the inmates were unable to eat it.

John Dunn, now a resident of Brooklyn, N. Y., but at one time commissary sergeant at the home, called on the governor and confirmed the complaint about the manner in which the food was served. Mr. Dunn enlisted from Hartford in Company D, First Connecticut cavalry, and served during the Civil war.

The question of the dormitory accommodation has been considered by Governor Holcomb and he does not think the system is ideal, but it would be necessary to rebuild the home even if it was decided to abolish the dormitory system and the changes this would necessitate would involve an expense which, perhaps, the general assembly would not authorize.

Governor Holcomb thinks it would be much better to have the inmates of the home sleep in rooms, each room to contain two or three beds, one bed for every man. It might prove a feasible compromise. John H. Thatcher, Hartford member of the hospital board of the Soldiers' home, is also of the opinion that the dormitory system ought to be superseded by something

## STOMACH SUFFERERS

MAYR'S Wonderful Remedy: One Dose Will Convince You.

Mayr's Wonderful Remedy is well known throughout the country. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee. If not satisfactory money will be returned. For sale by druggists everywhere.

more desirable. He says that as the veterans advance in years the objections to the dormitory system become more evident.

### OUT-OF-TOWN COMPANY

WANTS TO BUILD HERE  
Has Offer to Make to Norwich Housing Company.

The latest development brought about through the need of more houses in Norwich to meet the demand to be created through the influx of employees for the Hopkins & Allen Arms company is that one more distress-alleviating building and realty companies, including a Providence company, have offered to build a large number of houses in the city. The building company has not yet officially come before the Norwich Housing company so that it could be officially taken into consideration by them.

The suggestion is that the out-of-town company should give the housing company's order for the number of houses they desire to build after the housing company has secured the land for locating them. The building company would take a mortgage on the houses. In this manner it is suggested that more could be done than if the Housing company were confined to the work that it could do with the amount of money that the stock subscriptions would make available. It is believed that arrangements along such lines may be made.

President W. Lester of the Norwich Housing company has been authorized by the directors to make an offer for one of the houses owned by John J. Corkery has been given the same authority regarding another tract. The offer already made is an offer for a third piece of real estate.

### TESTIMONY FAVORABLE TO REAR ADMIRAL LITTLE

Given by Lieutenant W. G. Childs, Who Was His Assistant.

Boston, Nov. 2.—A conversation in the course of which Rear Admiral William N. Little, retired, refused to accept the charges against the submarine K-2 until her builders had agreed to make good any defects that might develop, was described at today's session of the court martial of the rear admiral on charges of neglect and careless methods in connection with his duties as inspection officer.

The testimony was given by Lieutenant Warren G. Childs, who was the assistant inspection officer of the Fore River shipyard while the submarine was under construction. He said Admiral Little called the attention of John A. Gardner, representative of the Electric Boat company, builders of the submarine, to conditions that might arise from the presence of lead drops in the battery.

Mr. Gardner, Lieutenant Childs said, agreed to stand back of the lead drops, so far as damage from lead drops was concerned, throughout the life of the battery. To this Rear Admiral Little replied, according to the witness, that he must have the company's word for such an agreement and this was secured by telephone. Lieutenant Childs was not positive that there was such an agreement in writing, but he could "almost swear" that he had seen a letter from the company officials in which they agreed to stand by the life of the battery of the K-2 provided they were not obliged to overhaul all the batteries of this type.

Admiral Little described according to Lieutenant Childs that so far as he was concerned he had no fear that there was anything serious the matter with the battery. Under cross examination Lieutenant Childs said that in his opinion the battery was in excellent condition when accepted.

### Republican Confidence.

Republican campaigners do not believe that leaving Mr. Marshall off the ticket will make any difference worth noting in the actual result.—Washington Star.

Clinton.—Mrs. Frederick Peet has gone to Washington, D. C., to remain with her son, William Peet, until the holidays.
